Re: Freedom of Information Act Request: Tracking Number DNFSB FY 19-13

Dear Ms. Best:

In our letter of August 26, 2019, which was transmitted to you at the above e-mail address on August 29, we informed you that our search for records responsive to your FOIA request for agency documents related to the WikiLeaks website (DNFSB tracking number FY 19-13) returned more than 3600 potentially responsive records. Because processing that number of records would place an unduly burdensome demand on agency resources, we asked that you narrow the scope of your request and offered to assist you in reformulating it so that we might be able to search for the records in which you are interested without an unreasonably large expenditure of resources.

To date, we have not received a response to that message. As a result, we are sending this letter to notify you that if we have not received a reply to the August 26 letter no later than the end of the tenth working day following the date that this letter is e-mailed to you, we will administratively close the file on this request (FY 19-13) and take no further action to respond to it.

We remain prepared to help you reformulate your request. Please feel free to contact our FOIA Public Liaison, Paul Wilson, at your convenience to discuss the options for refining the terms of your request. You can reach him directly by telephone at (202) 694-7018 and by e-mail at PaulW@dnfsb.gov.

Sincerely,

/s/

Glenn Sklar
Chief FOIA Officer
